

Ladder Barrel Bundle

An essential component of the fully equipped professional rehabilitation or post-rehab facility.

The industry's only steel-frame supported Ladder Barrel features an adjustable sliding base that allows for different torso and leg lengths by varying the distance between the ladder and barrel. Dense EVA foam and durable upholstery provide optimal comfort and proprioceptive feedback. Metal frame construction ensures stability and durability. The Ladder Barrel facilitates a variety of exercises in all planes of motion. Additional accessories increase the available repertoire and make the unit perfect for clients at all stages of recovery.

Bundle includes: Ladder Barrel, Padded Platform Extender, Gripper Mat, Maple Roll-Up Pole, and one DVD: *Complete Barrel Repertoire*.

Product Specifications

- Width 24"
- Width with handles 32"
- Maximum Frame Length 44"
- Height 39"
- Weight 110 lbs

Some assembly required

Arc Barrel

Lightweight and portable, the Arc Barrel is a primary piece of equipment in any Pilates-based rehab facility.

The gentle curve of the Arc Barrel helps decompress and lengthen the spine and is ideal to increase or decrease challenge to Matwork exercises. Dense EVA foam cushioning provides optimal comfort and faithful proprioceptive feedback.

Product Specifications

- Width 22.5"
- Length 23.5"
- Height 6"
- Weight 8 lbs
